David Wiltse's New Hardcover:
The Hangman's Knot

The killing secrets and terrible lies buried beneath the tranquil surface of Falls City, Nebraska are ready to erupt...

It begins with a shocking sniper attack at the local high school. No motive. No clues. Just two innocent teachers left dead, and a third injured. Then a second murder paralyzes the town. Urged by the sheriff to help in the investigation, ex-Secret Service agent Billy Tree can't refuse. Even if it means exposing himself to the insidious rage of a mysterious killer...

"Blood pressure-raising suspense."
